

# Care Facts

## Did You Know?

Four years ago, the State of Iowa created the IowaCare program through a partnership with Broadlawns Medical Center and the University of Iowa. This program provides health care services to adult Iowans between the ages of 19 and 64 who are at the 0-200 percent Federal Poverty Level. Broadlawns Medical Center provides over 40 percent of the care to this entire statewide population.

This is a Fact of Life!
