

Doris Weber

Doris graduated from Broadlawns Polk County Hospital School of Nursing in June 1959. After graduation she was employed at Clarinda City Hospital in Clarinda, Iowa for four months.

She was married and had two children, Kim and John.

When John was in first grade, Doris came back to Broadlawns Medical Center and worked part-time in a “float” position. When her children were in high school, Doris started working at BMC full-time. Doris retired in April 2001 after 33 ½ years of nursing.

After enjoying retirement for five months, Doris returned to Broadlawns Medical Center. She has now been a BMC nurse for 42 years—and she loves it!
