The "Appeals Procedure for the Resident" defines the proper procedure for handling any questions or concerns that may arise during the training period. See Addendum A. The Resident may process concerns, complaints, or issues pertaining to this contract through the Designated Institutional Official.

BMC employment policies and the Bylaws of the Medical and Dental Staff of BMC do not pertain to or govern the employment of the Resident. The provisions concerning discipline, suspension, or termination of employees or members of the Medical and Dental Staff, and the appeal rights of said policies and Bylaws of the Medical and Dental Staff, do not apply to Residents or to this contract.

All matters of suspension, evaluation, discipline, termination, or reappointment of the Resident in the Residency Program, including any termination of this contract prior to the conclusion of the stated term, shall be governed by the Appeals Procedure for the Resident.

V. CONTINUATION OF APPOINTMENT

Continuation of the Resident in the Program is expressly conditioned upon satisfactory completion of the Resident's responsibilities as set forth herein, meeting or exceeding the Policy on Evaluation, Promotion and Transfer of Residents, as established by the Graduate Medical Education Committee and in force and effect at BMC, and the Resident's successful completion of any prior, annual period of residency.

For the Resident appointed to the Psychiatry Residency Program, the appointment and contract shall remain in force and effect for the period stated herein. However, BMC, at its discretion, and based upon medical or personal reasons, may extend this appointment and contract beyond the term stated herein in order to allow the Resident, as the need arises, to complete the Program.

If the Resident wishes to terminate this appointment and contract at any time prior to the conclusion of the Program contemplated herein, the Resident shall give BMC written notice to that effect at least ninety (90) days prior to the date upon which the Resident wishes to terminate his or her appointment and contract. BMC shall have the right, effective on the annual anniversary date of this appointment and contract, to decline to reappoint the Resident for a subsequent year of residency, thereby terminating this contract prior to its stated term. In the event that BMC determines that the Resident will not be reappointed for a subsequent year of residency, BMC shall notify the Resident to that effect in writing at least ninety (90) days prior to termination. The annual anniversary date of this appointment and contract is the same date upon which the appointment and contract began pursuant to the provisions appearing on page one (1) hereof. The notice from BMC to the Resident of any determination that the Resident will not be reappointed for a subsequent year of residency shall contain a brief statement of the reasons for the decision and the Resident shall be limited to the *Appeals Procedure for the Resident* provisions herein in the event the Resident wishes to contest or appeal such decision.

Reappointment of the Resident for a subsequent year of residency shall be pursuant to all of the terms and conditions of this contract, which shall remain in force and effect during the entire period of residency, with the exception of any changes in the annual stipend to be paid to the Resident, with such changes established and documented annually.

VI. COMPLIANCE WITH MEDICARE REQUIREMENTS

1. Legal requirements. Resident is responsible for understanding and complying with applicable law pertaining to the provision of services to the beneficiaries of Medicare and other federal and state health care programs, and the billing and collection for such services. The Resident shall provide, document, and request reimbursement for personal and identifiable health care services rendered to patients in a manner consistent with applicable legal requirements, and in such a manner as to qualify for reimbursement under applicable health benefit programs. The Resident shall comply with the recordkeeping requirements of Section 1395x(v)(1)(1) of Title 42 of the United States Code to the extent required by law.
2. Exclusion. The Resident represents and warrants that Resident is not, and at no time has been, excluded from participation in any federally funded health care program, including Medicare and Medicaid. Resident agrees to immediately notify BMC of any threatened, proposed, or actual exclusion of Resident from any federally funded health care program, including Medicare and Medicaid. In the event that any party is excluded from participation in any federally funded health care program during the term of this Agreement, or if at any time after the Effective Date, it is determined that any party is in breach of this Section, this Agreement shall automatically terminate as of the date of such exclusion or breach.
3. No Obligation to Refer. Nothing in this Agreement, whether written or oral, nor any consideration in connection herewith contemplates or requires the referral of any patient. The parties specifically acknowledge and agree that any payments which Resident receives under this Agreement constitute reasonable payment for the services provided by Resident hereunder. Such payments in no way require, are in no way contingent upon, and are in no way intended to induce the admission or referral of any patients to BMC or other Authorized Rotation Site, and this Agreement is not intended to influence the judgment of Resident in choosing the medical facility appropriate for the proper treatment and care of patients. There is no requirement that Resident make referrals to or be in a position to make or influence referrals to, or otherwise generate business for BMC or other Authorized Rotation Site as a condition for receiving such payments.

Further, Resident hereby represents and warrants that the aggregate compensation paid to Resident represents fair market value for such services furnished and does not impermissibly take into account or otherwise reflect the volume or value of referrals or other business generated by the Resident for BMC or other Authorized Rotation Site.

This Agreement shall be construed in a manner consistent with, and the parties specifically do not intend to violate, the federal (or any state's) Anti-Fraud and Abuse provisions (42 U.S.C. §1320a-7b(b)) or the Physician Ownership and Referral Act (42 U.S.C. §1395nn) (commonly known as the "Anti-Kickback Statute") or regulations promulgated thereunder (commonly known as the "Stark Law"), and other relevant provisions of federal and state law, including any other federal or state law provision governing fraud and abuse or self-referrals under the Medicare or Medicaid programs, as such provisions may be amended from time to time, and the parties agree to take such actions necessary to construe and administer this Agreement in compliance therewith. The parties solely intend the compensation paid to Resident to compensate Resident for the provision of the services, and not influence Resident with regard to any referrals of patients to BMC or Authorized Rotation Site. The parties further intend that the compensation paid hereunder shall be fair market value for the services rendered based on arm's length bargaining and the value of similar services in the community.

In the event any court or administrative agency of competent jurisdiction determines this Agreement violates any of such statutes or that the compensation hereunder exceeds fair market value compensation, then the parties agree to take such actions as necessary to amend this Agreement to comply with the applicable statutes or regulations, as provided herein.

VII. TERMINATION

Notwithstanding the stated term and renewals thereof, this Agreement may be terminated as follows:

1. Without Cause: Without cause and without penalty, by either party upon giving the other party not less than ninety (90) days' prior notice of termination in writing, specifying the effective date of termination, provided that said termination is otherwise consistent with the requirements of this Agreement.
2. For Cause: For the cause immediately upon written notice to Resident in the event of failure to meet the qualifications set forth in the Resident Handbook.
3. Effect of Termination: Upon termination of this Agreement, Resident shall vacate any space and cease using any equipment, personnel, services, or supplies furnished to residents under this agreement; and shall return all program materials.
4. Early Termination: In the event this Agreement is terminated without cause during the Initial Term, the parties may not enter into an agreement for the same or similar services during the remainder of the Initial Term.

VIII. APPLICABLE LAW, JURISDICTION AND VENUE

This contract shall in all respects be construed in accordance with and governed by the laws of the State of Iowa. The parties hereto further agree and consent that jurisdiction and venue for any action brought or related to or arising out of this contract shall be limited to the Iowa District Court in Polk County, Iowa.

Any hearing requested shall be held within twenty (20) business days after receipt of the request.
